President's Message *December 2017*

Greetings Folks,

As I write this column we are closing in on another year. We had a good year in 2017. January was the time for our 2016 year end banquet at the Waterside Wine Bar. In February we enjoyed breakfast at the Canandaigua Elk's Club. March saw a pre monthly meeting dinner at the Blue Ribbon Restaurant and later in the month a Maple Weekend gathering at the Log Cabin Restaurant for breakfast and a tour of Packard Valley Maple Farms in Macedon. July was our annual Ice Cream Social. August started with the Wallington Car Show and was followed by our very successful 40th Annual Car Show and Flea Market. September we gathered for the President's Porch Picnic. November brought our annual Ham Dinner and elections. This month we have an informal get together at Parker's Grill and Tap House in Newark. Looking further ahead, January will be our 2017 year end banquet at Club 86 in Geneva.

Speaking of the year end banquet, please take note of the announcement on page 4 and get your reservations in to Jean or Annette. Jean also needs proof of your 2018 dues payment to AACA National so she can get our membership roster up to date and submitted to National. Your help in both the matters is appreciated.

Having looked back at this year, it is time to start looking ahead to next year. This is your club and it is up to you, our club members, to decide what you would like to see in the way of activates for the upcoming year. At this time there is only one event on the 2018 calendar, the August 20-24 Reliability Tour. This will be a major event and will require help from a significant number of people spread out over several days before and during the tour

So, while you are hanging holiday decorations, or looking for that snow

brush you put away last spring “right here where I know I can find it next fall”, think about what you and other club members might enjoy and let Joel, or any board member, or officer, know your ideas. There is no guarantee that every suggestion will make the calendar, but we need input to get things started.

Now where did that snow brush go?

Owner Jean Empson

In late 1995, my late husband and I were approached about purchasing the '32. The current owner was cleaning out his barns in anticipation of selling his farm. He knew the truck was once in Mert's family. We, of course, said yes and on January 8, 1996, Mert drove the truck home but it was going to need a lot of TLC. Mert had to wear his Carhartt and of course he had a big smile when he pulled into the driveway. Mert tinkered with it for several years, picking up parts and talking to the guys getting lots of ideas, but one thing he knew was it would be painted red with black fenders. Mert called it his "little red wagon" because in years past it belonged to his father.

Gus Maslyn bought the truck in 1946 as a family vehicle. There were 8 in the family. In 1949, Gus started to use the truck for butchering; they had purchased a car for family use. He traveled farm to farm with it for a couple of years and then it was sold. Bill Vandermortel of Phelps, owned it for a while and we are not sure who else might have owned it until 1955 when "Barney" Salisbury bought it. It was used on Sunnyside Farms by Gus once again for trimming the apple trees. When its usefulness past, it was stored in a barn until we purchased it.

Mert passed away in 2000 without ever seeing his dream of the "little red wagon" come true. I asked around to see who might know of someone who would work on the truck for me. Dave Dorf told me if I wasn't in a hurry, he would help me out. Being married to Mert for 25 years, I learned never to be in a hurry, so the process began in November of 2011. Dave, with the help of other Wayne Drumlin members, worked on the truck for 2 years. Dave put a tremendous amount of time and effort into the project and on November 8, 2003 handed me the key. It was beautiful.

It is now 2017 and it is still looking good and finding its way to the local car shows or ice cream parlors. It will always stay in the family. The girls will make sure of that.
