## *President's Message* **July 2018**

Greetings Folks,

Welcome to a real scorcher month of July. We have several events this month.

First, we are coming to the time when we need help from our members for the Reliability Tour. Bill Preston needs people to test drive the various daily tour routes. He would like to have more than one driver review each route. Contact Bill at 315-539-8235, home or 315-224-5759, cell, or E-mail [oavatey@excite.com](mailto:oavatey@excite.com). The test drives do not require a vintage vehicle. I am doing two routes this coming week and will take full advantage of the air conditioning in my van. He needs **all the check runs done by July 16** so he has time to make corrections and get the tour books to the printer a month before the tour. Also, as of our last meeting, there was still a need for Hospitality Room hosts, particularly in the evenings. Anyone interested should contact Ann Neal. Remember, Wayne Drumlins is a sponsoring club for this tour so let's show all the tour participants what a great tour we can host for their enjoyment.

Rusty Smith has provided us with the itinerary for our July 21<sup>st</sup> Wayne Drumlins tour. The schedule is in Rusty's tour notes on page 4. If you haven't signed up yet, contact Donna Goellner before July 14<sup>th</sup> so she can get the final head count to Rusty for reservations at D & R Depot for lunch.

We have also received a couple of invitations for our members this month. One of them is from the Pioneer Gas engine Club. The gas engine club has invited our members to display our vehicles on the Saturday of their show, July 28<sup>th</sup>, at the Marion Town Park. They would like to have as many of our members' vehicles as possible. For many years we have "shared" the park with the Gas Engine show in July and our show in August. The Gas Engine Club has purchased our shed in the park.

# *Secretary's Minutes*

## **JUNE 2018 MINUTES**

The June 20, 2018 meeting was held at the Marion Town Park as we were going through the inventory of what various members had and what was in the shed from the Car Show and was opened at 7:26PM by our President Dick Stearns and began with the Pledge of Allegiance to our flag. 17 members were present. Thank goodness it was a pleasant evening.

SECRETARY'S REPORT - A motion was made by Joel Neal to accept the May minutes. Seconded by Charlie Bauder. Motion carried.

TREASURER'S REPORT - Ann Neal, Treasurer reported on our accounts. A motion was made by Pete Empson and seconded by Matt Canavan to accept this report. Motion carried.

BOARD OF DIRECTOR'S REPORT - Matt Canavan reported that it is very quiet.

SHOW COMMITTEE - In regards to the AACA Horseless Carriage Reliability Tour, everything is on schedule per Steve Heald. There are 42 cars and 80 people registered, which is a very good count and volunteers are filling up where needed as well as the baskets for the raffle. Bill Preston would like volunteers to go over the routes. Matt Canavan, Dick Stearns, Joel/Ann Neal, Joe Marino and Charlie Bauder volunteered. The Hospitality Room is in need to have volunteers for the evening hours. Ann Neal and Charlie Bauder are doing a good job on the Committees.

MEMBERSHIP COMMITTEE - Jean Empson, Chairman, had nothing to report.

CONCERNS FOR MEMBERS AND ANY CORRESPONDENCES RECEIVED - None

BUY SELL OR TRADE - None

OLD BUSINESS - There were 10 members who went on the Canandaigua Lady, a couple had the lunch. It was very calm, sunny and a slight breeze. It was very relaxing. There was a group of girls there with one of them celebrating her 21<sup>st</sup> birthday. They seem to have a great time. Then 9 of us went to the Ontario Historical Society to check out the Moto Meter display with Francis Clax the exhibit's curator. The men were pretty fascinated by the presentation. Afterwards, 6 of us went to the Villager Restaurant for a delicious meal. Thank you Bill/Diana VanDeWeghe and Dick/Brenda Stearns for an enjoyable day. Unfortunately, Bill came down with a stomach bug and was unable to join us.

NEW BUSINESS - None

President Dick Stearns brought up about the President's Porch Picnic. He would like to get a consensus of how many would be able to attend and what date we should shoot for. The past few years, there has been a low attendance.

A sign up sheet was passed around for Rusty Smith's event on Saturday, July 21<sup>st</sup> for the Jello Factory, lunch at the D&R restaurant and visiting her uncle's farm. We have 13 so far. If you can attend, please let our Secretary Donna Goellner know as she has who is coming so far. We will need a count before our July 18<sup>th</sup> meeting. It sounds like a great day planned.

President Dick Stearns thanked the refreshment committee which consisted of Rita Canavan and Marion O'Neil.

Refreshments for the next meeting on July 18<sup>th</sup> will be the Ice Cream Social to be held at Jean and Pete Empson. Bring lawn chairs and toppings. Come by 7:00PM.

There was no Door Prize drawing or 50/50.

**WAYNE DRUMLINS ANTIQUE AUTO REGION CALENDAR FOR 2018**

| DATE             | ACTIVITY                                    | PLACE                    | TIME             | HOSTS                 |
|------------------|---|--------------------------|------------------|-----------------------|
| 14-July          | Finger Lakes Live Steamers                  | Clyde, NY                | 1:00 pm          |                       |
| 18-July          | Monthly Meeting & Ice Cream Social          | 1267 Ridley Road, Phelps | 7:00 pm          | Jean & Pete Empsom    |
| 21-July          | Jell-O museum, Lunch, Noble Hurst farm tour | Linwood & LeRoy          |                  | Rusty Smith           |
| 28-July          | Pioneer Gas Engine Show                     | Marion Town Park         | 9:00am to 9:00pm |                       |
| 19-Aug to 24-Aug | AACA Reliability Tour                       | Geneva                   | All Day          | Steve Heald Chairman  |
| Sept.TBA         | President's Picnic                          | North Road, Canandaigua  | 1pm              | Dick & Brenda Stearns |

***Secretary's Minutes***      Continued from page 2

The meeting was adjourned at 7:46PM by a motion from Steve Heald and seconded by Ann Neal.

We then went through the shed and various vehicles to sort out what we would like to keep, especially since some of the items can be used for the AACA Reliability Tour.

Respectfully submitted by:  
Donna Goellner, Secretary

***Wayne Drumlins Members***

Out and About

Thanks to Pam Heald for sharing this picture. It is good to see phil and Verna are still getting out and about from time to time.

Hi. Steve and I went to the great race festivities in Fairport and ran into these two! Thought it might be nice to post a pic of Phil and Verna for our members to see.

***Pam***

Member photographs and articles are welcome and encouraged. Thank you.

***Dick***

## ***Saturday July 21<sup>st</sup> Tour***

Rusty Smith, Host

Here is the information for the schedule on July 21.

We are supposed to meet at 10 o'clock in the morning at the Leroy Historical Society. The easiest way to get there is: take the NYS Thruway to exit 47 which is Route 19. Go south on 19 to Route 5 and turn left on Route 5 going East, The Jell-O Museum is on the corner of Church and Main in the village of Leroy. It is \$5.50 for the entrance fee to all 3 exhibits.

We will go back to Route 19 North and have lunch at the D & R Depot. It is just before the railroad tracks. They have a cute little gift shop with reasonable prices.

Then, we will follow along to Noblehurst Farms in Pavilion, NY. This farm uses and recycles everything that is needed onsite. It is a 24 hour operation.

Museum phone number: 585-768-7433

D & R Depot phone number: 585-768-6270

*Rusty*

### ***Editor's notes:***

There is a very interesting article in the March/April 2018 issue of ***Life in the Finger Lakes*** magazine about Noblehurst Farms and their involvement in supplying green energy to the Linwood, NY area. They are a leader in the recycling and green energy fields, not just a dairy farm. This should be a very interesting and informative trip.

The Jell-o museum is one of those attractions that is close to home and has always been there, and will continue to be, so "we will get there some day". A trip which never quite materializes. Now is a good time.

Of course, the meals at D & R Depot are second to none and alone are worth the trip. Get your reservations to Donna for a meal in the restored Buffalo, Rochester, and Pittsburg Railroad station, now known as the D & R Depot, before July 14<sup>th</sup>

### ***President's Message***, continued from page 1

The second invitation is from the Finger Lakes Live Steamers. We have been invited to their open house on Saturday, July 14<sup>th</sup>, in Clyde, NY. Although this is not a Wayne Drumlins Club trip, it is still an enjoyable outing and there is an added attraction this year. The details are in the E-mail that Bill VanDeWeghe and I received from the Live Steamers, reprinted in part on page 5.

Just a reminder, our July monthly meeting this month is the annual Ice Cream Social at Jean and Pete Empson's. Please remember to bring your own chairs as Jean and Pete have a limited supply. Also, please bring your favorite toppings.

I have one other item. I need input concerning the President's Porch Picnic. Should we have it? What weekend in late September or early October should it be held? How many members would like to attend?

Thank you.

*Dick*

## ***Saturday July 14<sup>th</sup> Tour***

Finger Lakes Live Steamers

Hey Bill. We wondered if Wayne Drumlins might be interested in joining us for our July Event?

Saturday, July 14th.

Tour to the FINGER LAKES  
LIVE STEAMERS!

From our last newsletter:

Fill in the blank on your calendar for Saturday, July 14 with a trip to The Finger Lakes Live Steamers in Clyde. We'll head to The Finger Lakes Live Steamers site around 1 PM for rides on large scale model steam trains. There are two sizes of ride-on trains and one train too small to ride on. This is also where the members of the Steamers work on their trains.

Who are the FL Live Steamers? They are a club of folks who build and/or operate model steam engines that actually operate by the expansion of steam. The club is located nearby at 302 Clyde-Marengo Road in Clyde, New York.

In addition to us, the Midstate Miata Car Club will be visiting also, with 10-15 cars expected. We're hoping that we get a good turnout of Early Ford V-8s too!

Dick, Bill VanDeWeghe suggested that I send this to you also. Our club is struggling lately to get participation in our activities. Bill suggested that maybe clubs ought to think about some joint events.

You can find directions at [FingerLakesLiveSteamers.org](http://FingerLakesLiveSteamers.org)

Frank Scheidt  
Editor

### ***Editor's notes:***

I have visited this group's open houses several times over the years and always found something interesting. After all, the Stanley brothers weren't the only people who harnessed steam power to move people.

Hope to see you there.

*Dick*

**Happy Anniversary to:**

Anne & Alan Canne 7/9

**Happy Birthday to:**

Verna Mendola 7/19  
Matt Canavan 7/22

## *Wayne Drumlins Members*

### Out and About

On Saturday, June 9th, Wayne drumlins members gathered for a two hour cruise on the Canandaigua Lady. The day was comfortably cool and a bit overcast, but no rain. Following the cruise, we had the opportunity to view the Motometer display at the Ontario county Historical Society and were hosted by the display's curator, Francis Clax. Francis discussed the history of the Motometer, its invention, development, marketing, and eventual demise. Francis provided a wealth of information.

## *Just a Reminder*

Something to think about as we face our first heat wave of the summer.

## *Cover photo*

1965 Mustang 2+2  
Owner: Matt Canavan

The Mustang was found at a restoration shop in Jacksonville, Florida, in 1996. I used some frequent flyer miles, flew down in the morning, drove it around for a few hours, agreed on a price, then flew back to Rochester. All in a days work! (an expensive day). A few weeks later it showed up on a car transport. It has a small block V8 and a four-speed, and no power steering. A little work has been done since

(disc brakes on the front and a dual diagonal master cylinder, lowered suspension, wheels, tires, Hurst shifter). It has no rust whatsoever. It's 53 years old, and driving it shows how cars have come a long way - the stock bucket seats provide no back support and it rides like a buckboard, appropriate for a car named Mustang!

*Matt*

## *Wayne Drumlins Members*

Out and About

Both Joe Marino's 1928 Hupmobile Model A Sportster and Charlie Bauder's 1941 Hupmobile Skylark were seen at Bostrom Farms second annual car show in Flint, NY, on June 16<sup>th</sup>.
