President's Message

September 2016

Greetings Folks,

Labor Day is upon us and the unofficial end to summer though the meteorologists tell us there is more warm to hot weather yet to come. As is so often the case, early September can be quite toasty once schools start the fall semester.

To all of our members, friends and families who made the effort to be at our thirty ninth annual car show despite the inclement weather, thank you. With the very limited number of cars that came, well less than one hundred, we were able to get through the show with no problems. Due to field conditions, the awards parade was canceled and the show awards were delivered to the winners individually via golf cart. Had there been the traditional turnout of vehicles, we would have had serious problems due to a lack of sufficient man power. This goes to reinforce the concerns the show committee has been expressing concerning the need to either find more help and / or drastically changing the format of the show. You will be hearing more about this in the weeks to come.

A look at our calendar of club events shows club and non club activities are starting to wind down for the season but there should still be a couple of months of enjoyable weather yet to enjoy our hobby. There are still many cruise ins, a few local and regional shows, and the big show at Hershey is coming up in October.

Get out and enjoy.

In Appreciation

Presentation photos courtesy of Jean Empson

George and Marian O'Neil have been the head of the car show committee for 22 years. In appreciation, at the show set up picnic they were presented with a special cake. Matt Canavan, Chairman of the board, gave them a commemorative plaque and Jean Empson presented them with a scrap book chronicling their years of service to the Club. Shortly before the presentations, George and Marian are seen with Rusty Smith and Pam Heald assembling the trophies. George and Marian's efforts have been above and beyond the call of duty and few people understand just how much work they did behind the scenes.

Thank you George and Marian.

We will provide place settings and a variety of items from the grill. Serving should start about 1:00pm. Regardless of weather you signed our sign up sheet or not, feel free to arrive any time after noon. Though we have many chairs, it would not be a bad idea if you brought a couple, just in case. Weather permitting, there will be the usual line up of cars along North Road to delight passersby. We have done well in that regard in the past. The picnic will go on under cover rain or shine. Bring your appetite, sit back, relax, and enjoy the day.
