President's Message November 2012

Over the summer, I had an e-mail from Pat Thorpe (Pat is President of GVACS, as many of you know), telling me that the Livingston AACA chapter, based in Livonia, had disbanded. More recently, Pat corresponded and said the Wyoming region had also disbanded. Pat then conveyed the efforts GVACS is making to reduce expenses and recruit new members. And he quite correctly stated that the health of the national AACA organization is dependent on the number and health of its local chapters.

Having two fewer upstate New York chapters does not bode well for our hobby. Within our own Wayne Drumlins club, we manage to have regular meetings and club events, but let's be frank – our membership is aging and new members are not exactly knocking down the door. Each year, club responsibilities fall on fewer shoulders. This is not a path that I'd say is beneficial to the welfare and prosperity of our Wayne Drumlins family!

Two things must happen. First, we need to successfully recruit new, participating membership. Well, you might say, that's the responsibility of the Chair of the Membership Committee. And I would say in response that No, *it is the responsibility of every club member*. So identify those prospective members, talk to them, and get them to join. We ALL need to do this. Second, the veterans of our club need to step forward for another tour of duty. Yes, everybody has played a role at some point in the club's history, but there are instances where your knowledge and experience make you the perfect candidate for a particular club function. Assignments can be well-defined and kept short in duration if we all get involved!

OK, I'm off the soapbox. Remember, our ham dinner and elections are at 6:00pm, Wednesday, November 14th at the Masonic Temple in Marion. Bring a dish to pass, table service, and maybe an opinion or two about our club and its challenges.

CONGRATULATIONS:

Ed Hunt on receiving HPOF Award at Hershey - and -
Steve and Pam Heald for being nominated for a National
Award at Hershey.

Remember to renew your AACA dues and your Wayne
Drumlin dues will be accepted at the November meeting/
dinner.

HELP NEEDED:

The Food Cupboard is in need of our help.
They are currently helping 50 families and
with the holidays just around the corner are
in desperate need of food. Anything you can bring to the
November meeting at the Masonic Lodge will be appre-
ciated. Pete and I will deliver.

Get Well Wishes

Wishing Jim Duffy a speedy recovery
Well wishes to Stan Herdman and
Ed Morrow

Christmas Family: With the next meet-
ing being November 14th and our year end
gathering 11 days after that and no Head-
liner until December, I thought we would
want to adopt at least one family for the
Holidays. I know of a single mother (age
40) who has been undergoing chemo most
of the summer so she could have surgery.
The surgery is scheduled in November and
then more treatments. She definitely
would appreciate help for herself and her 2
children. I have a list of their needs/wants
on the back page. Please consider helping.

FROM RUSTY SMITH'S KITCHEN

PINEAPPLE CASSEROLE
Recipe courtesy Paula Deen

- 1 cup sugar
- 6 tablespoons all-purpose flour
- 2 cups grated sharp cheddar
- 2 (20-ounce) cans pineapple chunks, drained, and 6 tablespoons pineapple juice reserved
- 1 cup cracker crumbs (recommended: Ritz)
- 8 tablespoons (1 stick) butter, melted, plus extra for greasing pan

Preheat the oven to 350 degrees F.

Grease a medium-size casserole dish with butter. In a large bowl, stir together the sugar and flour. Gradually stir in the cheese. Add the drained pineapple chunks, and stir until ingredients are well combined. Pour the mixture into the prepared casserole dish.

In another medium bowl, combine the cracker crumbs, melted butter, and reserved pineapple juice, stirring with a rubber spatula until evenly blended. Spread crumb mixture on top of pineapple mixture. Bake for 25 to 30 minutes, or until golden brown.

MEMBERS ON THE MOVE

Good time in Burlington at the NSRA car show in Burlington. The pictures of Bev and Barb in the funny hats are because they have a funny hat contest (car related). These are the pictures of them before they went to be judged. Everyone had a great time. Bob

Sunday morning, November 4, 2012 will be the return to Eastern Standard time. Don't forget to "fall back" one hour.

This is a late model South African Chevrolet Lumina SSv "Ute" that we spotted by the movie theater in Mbabane, Swaziland. It's probably the fastest car in the country, with the 6 liter Corvette V8 and a Magnum supercharger (well there's a sticker in the window). These were designed in Australia by Holden and are very similar to the Pontiac G8. A car like this is totally impractical here with our limited paved roads, potholes and washouts everywhere, and stray longhorn cows, goats, and meandering little vans (kombi/taxis) packed full of people that will stop suddenly to let off passengers in the middle of nowhere. I told Martha I will have to have an SSv if we stay here a long time. - Loren

Regions and Chapters Website Development and Support

By Sharon Lee
VP Regions & Chapters
Website Development
and Support

I'm going to need all the editors and everyone in your region and/or chapter to help us with a new position on the board this year—VP Regions and Chapters Website Development and Support. As most of you are aware, it has been decided, in working with the Strategic Planning Committee, that one of the most productive tools we have for taking AACA into the future is the website. AACA has 371 regions and chapters with about 230 with websites. Some of these are not up to date or active and worse yet, many regions/chapters have no website at all. AACA cannot expect to move forward into the future without a solid web presence at the local level. Today's younger generation identifies with the internet. With this in mind, I'm going to ask for your help in identifying regions and chapters without websites so the Website Committee may encourage and assist them with website development. At the same time we want to work with those regions and chapters with inactive or out of date websites and assist them with any technical issues and encourage updating. We would also like to provide support to webmasters related to working with 'Joomla software' employed by AACA's new website and assist with search engine marketing whenever possible. We want to also stress the importance of establishing website links to the AACA website, which has recently been updated, as well as to the AACA Library and Research Center, AACA Museum, AACA publications such as *Speedster* and other regions and chapters. I know all of this is a tall order but with your help we can make some headway toward this new initiative. Another task I have is chairman of the Internet Award selection. I'm sure all of you are aware of the newsletter editor awards and there are similar awards for our websites and webmasters. Here is an excerpt from AACA Policy and Proce-

dure Manual that will give you some insight into what the Internet Committee will be looking for when reviewing your website for awards.

3.5 POLICY FOR REGION/CHAPTER WEBMASTER CONTEST

3.5.1 Eligibility

The AACA Internet Committee sponsors this contest. Every AACA Region or Chapter that maintains a website that is linked to the AACA website is automatically entered in the contest. No registration forms are required.

Websites will be evaluated for ease of use, readability, navigation, originality, presentation, content, interest, and value. The Webmaster and Region/Chapter officers should be clearly identified.

3.5.2 Award Categories

In order of increasing precedence, the four award categories are as follows:

Award of Merit

Award of Distinction

Award of Excellence

Master Webmaster

A certificate bearing the name of the Region/Chapter or chapter website, and the names of the Region/Chapter president and Webmaster will be awarded in each of the first three categories. Master Webmasters receive an engraved plaque each year they achieve this distinction. Competition for Master Webmaster is limited to the webmasters that receive the Award of Excellence.

3.5.3 Presentation of Webmaster Contest Awards

The Internet Committee will meet in December to select the winners in the four categories. The awards of merit, distinction, and excellence are presented at the AACA Annual Meeting in Philadelphia. Master Webmaster awards are presented at the Annual Awards Banquet.

Awards that are not picked up during these presentations will be mailed to the Region/Chapter Webmaster.

Looking forward to hearing from all of you and how we can move AACA into the future using the internet. Please do not hesitate to get in touch with me or anyone on the committee with any questions, concerns or suggestions to help us achieve this goal.

47th Packard Club National Meet -Williamsburg, VA

The Packard Club National Meet was September 16th through 22nd in Williamsburg, VA. Donna and I attended this meet of Packard's-only in September after the weather turned a little cooler south of the Mason-Dixon Line. The host hotel was the Crowne Plaza at Fort Magruder, near Historic Williamsburg. A small part of the Fort's earth embankment was on the hotel grounds and it is kept as a historic monument for visitors (like us).

We took 2 days to drive (modern as the '52 Packard is we had brake issues) down Route 14 to Route 414 in Watkins Glen to Corning to Route 17 to pick up US 15. We made and overnight stop in Frederick, MD. US 15 took us to US 17, avoiding the I-495 beltway around DC. We joined I-95 which took us to I-64 and right to Williamsburg. We met up with my brother and sister-in-law from Beaufort, NC. They are members of the Historic Williamsburg Foundation and have been there several times.

Sunday was sister-in-law, Ann's birthday so we walked from the hotel to one of the neat restaurants in the Historic district to celebrate. Monday morning we toured Historic Jamestown, the site of many Revolutionary War battles between the colonists and the British. In the afternoon we went to Historic Yorktown where the Brits laid siege on the harbor preventing supplies getting to the colonists. This is where the battle of the iron-clads, the Monitor and the Merrimac, occurred. Tuesday, we drove to the Historic Williamsburg Visitors Center to gain entrance to the buildings which provided a chance to duck in from occasional showers that day. Wednesday was "meetings" day, and I was the proxy for our East Grand Packard's Director. I attended the PAC Board Meeting where the business of the club was accomplished until

the next meeting in Hershey, PA. Wednesday evening we took a dinner cruise of the Hampton Roads/Norfolk Harbor/Naval Base. We had the *Spirit of Norfolk* cruise ship for nearly 300 PAC members all to ourselves. I think everyone was impressed with the size of the Navy ships. I was since I'm use to seeing an occasional recreational "packet boat" cruising the Erie Canal through Port Gibson.

Thursday was Car Show Day at the historic colonial mansion named *Lee Hall Mansion*. There were close to 60 Packard's on the show field (host Region Mid-Atlantic Packard's member cars were on display only) ranging from a 1921 phaeton to 7 or 8 of the last year of Packard production—1956.

Friday was a "do anything you want" day so Donna and I went back to Historic Williamsburg as some of the Packard's were displayed on the main street, The Duke of Gloucester Street. This showing sparked a lot of interest in the club by those visiting the sights of Williamsburg. That evening was the awards banquet followed by a fashion and talent show as entertainment.

Saturday we took in the farewell breakfast and hit the road for an overnight in Harrisburg, PA. Sunday arrived home a little after noon, and later, picked up our Gypsy dog from the "puppy spa".

Christmas Family

I first want to start off by Thanking you for thinking of us!

I talked with the kids and they came up with some ideas. Although it was like pulling teeth.

My son Masyn is 19 and is in college.

He could use a gas card, card for the mall, Dicks gift card.

He wears white or black High Nike socks size 10- 12

He also put on his wish list a new comforter. He isn't picky with the colors but prefers blue's and green's.

He love's Taco Bell and goes there during breaks from school

My daughter Talyn is 13 and in 8th grade.

She likes movie passes, to either Eastview or Canandaigua

A mall gift card, Wal-Mart gift card, hair salon gift card (Cost Cutters in Canandaigua)

She loves nail polish, pinks and purples

Hairbrushes

She also had on her wish list a new comforter, anything pink, purple, really anything girly

As for me, I need for nothing; but good health and a long life. So what's best for me is Prayers!

I thank you from the bottom of my heart Jean for thinking of us and please share my sincere thanks to all that is involved with this act of kindness.
